

# Concrete Bridges - An ICJ Compilation

## Table of Contents

### PREFACE

### FOREWORD

### Section I - BRIDGE CONSTRUCTION

1. Trends in construction of concrete bridges T. N. Subba Rao (November 1984)
2. Prestressed concrete in Indian road bridges C. R. Alimchandani (November 1984)
3. Bridge construction - An overview Raj Kumar (July, 1995)
4. Current trends in concrete bridges D. S. Prakash Rao (July, 2003)
5. Design and construction of flyovers/urban viaducts: Recent trends S.A. Reddi (July, 2003)
6. Aesthetics and technologies for urban bridges Mahesh Tandon (July, 2003)

### Section II - BRIDGES ACROSS MAJOR RIVERS

#### BRAHMAPUTRA

1. Challenges in bridging river Brahmaputra S. Ponnuswamy (August, 1997)
2. Salient design features of Jogighopa bridge V.C. Sharma and I. Singh (August, 1997)
3. Salient construction features of substructure L. Singh (August, 1997)
4. Quality assurance in design and construction R.L. Malik (August, 1997)
5. Salient construction features of superstructure C.K. Ganguly and S.K. Bhattacharya (August, 1997)
6. Application of jet grouting technique for well foundation of Jogighopa bridge V.M. Dharap and M.V. Jatkar (August, 1997)

#### BEAS

1. Segmental arch bridge across river Beas at Ramshilla: Conceptualisation and design S.W. Deshpande, V.N. Heggade and S.D. Shirali (May, 2005)
2. Segmental arch bridge at Ramshilla: Construction aspects M.V. Jatkar and G.P. Joshi (May, 2005)

#### GODAVARI

1. Third Godavari Bridge - An overview G.V. Ratnam (July 1995)
2. Third Godavari Bridge - Salient design features V. Srihari (July, 1995)
3. Substructure for third Godavari Bridge - Construction highlights B. Deva Singh (July, 1995)

4. Superstructure for the third Godavari Bridge - Construction highlights V. Kalikavatharam (July, 1995)
5. Third Godavari Bridge : Quality control measures A.K. Sinha (July, 1995)
6. Load testing of one span of the third Godavari Bridge G.P. Mallikharjun (July, 1995)
7. Superstructure for third Godavari Bridge - Construction problems and their solution P.G. Pagnis and V. Seshubabu (July, 1995)
8. Third Godavari Bridge : Some innovative engineering aspects S. Sengupta (August, 1995)

### **Section III - RAIL AND ROAD BRIDGES ACROSS THANE CREEK**

1. Construction of railway bridge across the Thane Creek S.C. Gupta (November, 1989)
2. Railway bridge across the Thane Creek (May 1992)
3. Second Thane Creek bridge - An overview A.G. Borkar and S.R. Tambe (September, 1994)
4. Salient design features of the second Thane Creek bridge D.K. Kanhere and A.K. Deshpande (September, 1994)
5. QA and QC in the design and construction of section Thane Creek bridge A. Farooq (September, 1994)
6. Salient construction aspects of the second Thane Creek bridge S.K. Bhugra (September, 1994)
7. Some problems of foundation construction for second Thane Creek bridge S.K. Bhugra and S.R. Nandargikar (September, 1994)
8. Instrumentation for the second Thane Creek bridge A.G. Borkar and S.R. Tambe (September, 1994)
9. Protective coating for the second Thane Creek bridge superstructure S.K. Bhugra (July, 1996)
10. Construction of Airoli bridge across the Thane creek A.R. Jambekar (December, 1998)

### **Section IV - BRIDGES ON KONKAN RAILWAY**

1. Bridge across Zuari River : A boon to Goa R. Ramakrishnan (August, 1985)
2. Major bridges on Konkan Railway : Approach to design and standardization S.D. Limaye (December, 1993)
3. Railway bridges across Sharavathy and Kali rivers C. Raju, G. Narayanan and P.V. Ravi (December, 1993)
4. Innovative foundations for Zuari and Mandovi bridges P. Sriram and Suresh Arora (December, 1993)
5. Bridges in Mangalore-Udupi-Bhatkal section N.S. Nampoothiry and S. Balakrishna (December, 1993)

## **Section V - DESIGN AND OPTIMISATION OF BRIDGES**

1. **Temperature distributions in concrete bridges for Indian summer conditions – 1**  
D. S. Prakash Rao (August, 1987)
2. **Temperature distributions in concrete bridges for Indian summer conditions – 2** D. S. Prakash Rao (September, 1987)
3. **Temperature stresses in concrete box-girder bridges** D. S. Prakash Rao (April, 1988)
4. **Thermal stresses in non-prismatic concrete bridge for Indian summer conditions – 1**  
D.S. Prakash Rao (May 1990)
5. **Thermal stresses in non-prismatic concrete bridges for Indian summer conditions – 2**  
D.S. Prakash Rao (June 1990)
6. **Transverse moments in concrete bridge deck slab – 1** D.S. Prakash Rao and K. Satyanarayana (January, 1991)
7. **Transverse moments in concrete bridge deck slabs – 2** D.S. Prakash Rao and G.V.V. Ravi Kumar (February, 1991)
8. **Optimisation of concrete multicellular bridge decks** M.L. Gambhir and K.G. Singla (January, 1988)
9. **Model studies of a slab bridge with stiffened edge beams** M.V.B. Rao, R.N. Sharma, S.K. Sharma and Sushil Kumar (April, 1993)
10. **Influence of geometry on structural design of concrete box girder bridge** Taha A. Majeed and Pasala Dayaratnam (January, 1994)
11. **Short-to-medium span bridges - Need for standardisation of precast elements** S.S. Chakraborty, A. Bhowmick and P. Shivaji Patro (October, 1995)
12. **Influence of box shape on structural behaviour of RC box-girder bridges** Manoj Kumar and Sagar Samaria (June, 2007)

## **Section VI - CABLE-STAYED BRIDGES**

1. **The second Hoogly bridge at Calcutta** M. V. Sastry (January, 1985)
2. **Cable-stayed bridges** Rajendra Chalisgaonkar (July, 1986)
3. **Scope for cable-stayed bridges in India** Prem Krishna (September, 1988)
4. **Variety in cable-bridge design** Jorg Schlaich and Rudolf Bergermann (September, 1988)
5. **Akkar Bridge - the first all - concrete cable - stayed bridge in India** T. N. Subba Rao and G. R. Haridas (September, 1988)
6. **Salient details of some cable-stayed bridges** C. R. Alimchandani and J. S. Padalkar (September, 1988)
7. **Stay-cable system for cable-stayed bridges** F. Graber (September, 1988)

## **Section VII - PAMBAN BRIDGE**

1. **Pamban Bridge : Aspects of project management – I** S. A. Reddi (November, 1988)
2. **Pamban Bridge : Aspects of project management – II** S. A. Reddi (December, 1988)

### **Section VIII - FIRST-OF-ITS-KIND BRIDGES**

1. First externally prestressed concrete bridge in India at Sringeri G.R. Haridas (July, 1991)
2. First major bridge in Maharashtra on BOT basis V.K. Kanitkar (December, 1999)
3. Poira bridge : Construction of India's first horizontal swing bridge D.R. Gharpure and Sachin R. Biyani (August, 2007)

### **Section IX - CONDITION MONITORING AND REHABILITATION OF BRIDGES**

1. Corrosion survey of bridges N.S Rengaswamy, T. M. Balasubramanian, S. Srinivasan, Y. Mahadeva Iyer and R. H. Suresh Babu (June, 1987)
2. Lifting Dharmadam Bridge S.P. Pavithrasagar (February, 1988)
3. Stabilization of vibrating bridges S. P. Banerjee (July, 1988)
4. Rehabilitation of some major bridges Ninan Koshi (September, 1992)
5. Rehabilitation and testing of a road bridge V. Jagannadha Rao V.B. Sarma and H.B. Goli (September 1992)
6. Rehabilitation of two railway bridges R.S. Dubey (November, 1995)
7. Case study of the repair of a major bridge and some thoughts on repair materials S.K. Manjrekar (January, 2000)
8. Rehabilitation of balanced cantilever bridges P. Y. Manjure (January, 2001)
9. Development of a knowledge-based system for condition assessment of bridges M.S. Jaafar, Y. Yardim and Waleed A.M. Thanoon and J. Noorzaie (December 2003)

### **Section X - SEISMIC DESIGN OF BRIDGES**

1. Considerations in seismic design of bridges Mahesh Tandon (November, 1994)
2. A state-of-the-art review on seismic design of bridges - Part I : Historical development and AASHTO code Sudhir K. Jain and C.V.R. Murty (February, 1998)
3. A state-of-the-art review on seismic design of bridges - Part II : CALTRANS, TNZ and Indian codes Sudhir K. Jain and C.V.R. Murty (March, 1998)
4. Seismic shear design of RC bridge piers — Part I: Review of code provisions Rupen Goswami and C.V.R. Murty (June 2003)
5. Seismic shear design of RC bridge piers — Part II: Numerical investigation of IRC provisions Rupen Goswami and C.V.R. Murty (July 2003)
6. Strength and ductility of partially confined bridge column under seismic loading D. Prapakaran and R.Sundararajan (April 2007)

### **Section XI - INTEGRAL BRIDGES**

1. Design of jointless G.T. Road flyover - An example in "integral" bridge concept Rajan Kataria and Sumant Gupta (November 2002)
2. Design and construction of integral bridges — An innovative concept Alok Bhowmick (July, 2003)

3. **Design and detailing of integral bridges: Suggested guidelines** Alok Bhowmick (September, 2005)
4. **Design of soil loading for integral bridges** George L. England and Neil C.M. Tsang (September, 2005)
5. **Integral abutments for bridges in seismic regions : Californian practice** Satinder P. Singh (September, 2005)
6. **Integral bridges : Examples from quarter century experience** V.V. Nori, B.S. Joshi and M.N. Patel (September 2005)
7. **Integral bridges on the Konkan Railway** S.C. Gupta, S.D. Limaye, M.K. Gupta, V.L. Dodeja and V.V. Nori (September 2005)

### **Section XII - HIGH PERFORMANCE CONCRETE FOR BRIDGES**

1. **Use of HSC/HPC for road bridges in India** S.A. Reddi (December, 1996)
2. **Specifying high performance concrete for durable bridges** Shrinivas B. Bhidé and Peter C. Taylor (December, 2005)

### **Section XIII - DELHI METRO**

1. **Elevated viaduct on Delhi MRTS phase I - Salient design features** M. Kumar, A. Srivastava and N. Gupta (November, 2002)
2. **Design and construction aspects of a bridge over river Yamuna** L. Menghnani, J. S. Pahuja and C.Sankaralingam (November, 2002)
3. **Short line matchcasting and erection of precast segments for DMRL** P.K. Prabhakaran, K. Senthilnathan and S. Balaji (November, 2002)
4. **Construction of elevated viaduct between Trinagar and Rithala on Delhi metro** R. Subramanian and B. K. Mishra (July, 2003)
5. **Construction of viaduct for metro express line using 25 m long precast U girders – An experience** O.P. Singh, S.C. Gupta and Amitabh Khare (February, 2010)
6. **Full span precast pre-tensioned decks: The future of elevated urban metro viaducts** Mangu Singh, Rajan Kataria, Abdelghani Mhedden, Shahid Mohammad and Purnima Bajpai (February, 2010)
7. **Optimised long spans for urban railways projects** Kumar Keshav, Rajan Kataria, Jean-Charles Vollery, Vaung Chhuo and Abdel Mhedden (February, 2010)
