

## RILEM UPDATE

The International Union of Laboratories and Experts in Construction Materials, Systems and Structures

### NEW TECHNICAL COMMITTEES

RILEM is proud to announce the establishment of 4 new Technical Committees:

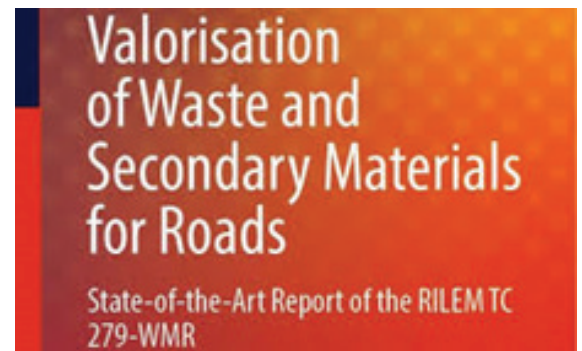

- CSA Calcium sulfoaluminate-based cement and concrete
- MBB Mechanical behaviour of bio-aggregates based buildings materials
- QPA Quality and performance assurance of additively manufactured cementitious composites by advanced non-invasive techniques
- MWP Mechanical Wave Propagation to characterize bituminous mixtures.

If you're interested in participating in the activities of these committees, please feel free to join. More info can be found here: [bit.ly/3Uunpvx!](https://bit.ly/3Uunpvx!)

### STAR-IN-A-NUTSHELL

RILEM is thrilled to share the new STAR-in-a nutshell of the State-of-the-Art Report (STAR) of the RILEM TC 279-WMR Valorisation of Waste and Secondary Materials for Roads. Download for free this 3-page document and feel free to circulate it amongst your colleagues! More info here: [bit.ly/4e3lbdu!](https://bit.ly/4e3lbdu!)

### 2025 RILEM ANNUAL WEEK

The 79th RILEM Annual Week & International Conference on Advances in Engineering and Technology for Sustainable Development (ICONS) will take place in Hanoi, Vietnam, on 24-29 August 2025. Abstract submission is now open but it will close on 16 December 2024: hurry up to submit your contribution! [bit.ly/46HyNJf](https://bit.ly/46HyNJf)

### EPON

RILEM has a web portal for educational resources on RILEM-relevant topics called Educational Portal Online - EPON. It is FREE and it is available here: [bit.ly/48pAnk0](https://bit.ly/48pAnk0). EPON can be considered a "shop window", or a web portal for educational resources on RILEM-relevant topics including chemistry, concrete, testing, etc. Links to the various educational resources are provided, which include webinars, talks, courses, etc.
